

OLAM

On behalf of the Alliance for Global Good, Charles and Lynn Schusterman Family Foundation, and Pears Foundation, we are thrilled to welcome you to the launch of an exciting new initiative—OLAM: Improving the world. Together.

From our forefathers to the founders of the State of Israel to today's global Jewish community, Israel and the Jewish people continue to find unique and innovative ways to repair the world. As philanthropists, we see the impact of individual and organizational efforts every day, and support Jewish service learning, international development efforts, social justice advocacy, and entrepreneurial initiatives through the community's existing platforms. This work inspires us and fills us with pride.

As experienced philanthropists, we know that the only way to have impact is to partner with these organizations. So we have created OLAM in collaboration with those who are already doing this work. Our intention is for OLAM to draw even more attention and resources to the field, thereby "lifting the tide" for all by strengthening practitioner networks, directing volunteers and advocates for social justice to opportunities around the globe, and expanding the Jewish community's knowledge and support of these fields.

Thank you for joining us today to launch OLAM. We look forward to working with you as partners.
